**Section 8.2.1
PEIMS Education Organization Category
Data Submission Requirements**

TABLE OF CONTENTS

Education Organization Category

The Education Organization Category provides information about the state education agency, education service centers, local education agencies (school districts and charter schools), and campuses. This data category supports the definition of the education offerings provided by campuses, specifically the courses taught, the sections in each course offered and the class period and location of those sections, and the alternative/supplemental programs offered.

The shared services arrangement (SSA) participation data is also reported for each organization type when applicable.

This category includes:

- Complex type data layouts, which show the relationship of data submissions to the Education Organization Category. Also described is the information on the data submission for the current school year for LEAs submission of data to the ESCs and ESCs submission of data to TEA;

   Asterisks (**) that appear in the complex type data layouts indicate that there is a complex type within a complex type. The Element Ids that are indented identify the data elements that are part of the complex type denoted with asterisks (**).

   Data rows that are in gray and italicized represent complex types and data elements that are part of the Ed-Fi Core Schema, but not for Texas use at this time.

- Category type discussions which describe information related to each particular record type;

- Data submission samples, which provide samples of how to submit the data for each category.

Description

The EducationServiceCenter Complex Type represents a regional, multi-services public agency authorized by State law to develop, manage, and provide services, programs, or other options support (e.g., construction, food services, and technology services) to LEAs.

Reporting Requirements

For Dashboard Reporting, do not submit the EducationServiceCenter Complex Type. Use the LocalEducationAgency Complex Type to report the Education Service Center.

For PEIMS Reporting, the EducationServiceCenter Complex Type is required for Submissions 1 and 2 only for ESCs.

Report only one ESC per XML file.

An ESC cannot report the EDUCATION-SERVICE-CENTER-ID of another ESC within their data submission file.

Business Rules

EDUCATION-SERVICE-CENTER-ID (E1091) indicates the ESC identification number registered with the Texas Education Agency.

The EDUCATION-SERVICE-CENTER-ID must match the 'District Code' in the data submission file name.

EDUCATION-SERVICE-CENTER-NAME (E1086) identifies the name of the education service center registered with the Texas Education Agency.

**OrganizationCategories Complex Type

The OrganizationCategories Complex Type is the classification of the education agency within the geographic boundaries of a state according to the level of administrative and operational control granted by the state.

> **ORGANIZATION-CATEGORY (E1240)** is the classification of the education agency within the geographic boundaries of a state according to the level of administrative and operational control granted by the state.

Special Reporting Requirements

ESC organization changes must be updated through the AskTED system prior to submitting its respective data in order for the TSDS system to accurately identify an ESC during the data submission process.

Description

The Local Education Agency (LEA) Complex Type represents an administrative unit at the local level which exists primarily to operate schools or to contract for educational services. It includes school districts, charter schools, charter management organizations, or other local administrative organizations.

The Local Education Agency is defined as follows:

A public board of education or other public authority legally constituted within a State for either administrative control of or direction of, or to perform service functions for, public elementary or secondary schools in:

(1) A city, county, township, school district, or other political subdivision of a State; or

(2) Such combination of school districts or counties a State recognizes as an administrative agency for its public elementary or secondary schools; or

Any other public institution or agency that has administrative control and direction of a public elementary or secondary school.

The term also includes any other public institution or agency that has administrative control and direction of a vocational education program.

Reporting Requirements

For both Dashboard and PEIMS reporting, if the LocalEducationAgencyExtension Complex Type is submitted, report only one LEA record.

Business Rules

LocalEducationAgency Complex Type

id is an XML generated XML ID associated with this complex type.

DISTRICT-ID (E0212) is the county-district number registered with TEA for that district or charter school.

The DISTRICT-ID must match the value for the 'District Code' in the data submission file name.

**EducationOrgIdentificationCode Complex Type

The EducationOrgIdentificationCode Complex Type is a unique number or alphanumeric code assigned to an education organization by a school, school system, a state, or other agency or entity.

> **EDUCATION-ORG-IDENTIFICATION-SYSTEM (E1241)** is a coding scheme that is used for identification and record-keeping purposes by education organizations, social services, or other agencies to refer to an education organization.

> **EDUCATION-ORG-ID (E1463)** is a unique number or alphanumeric code assigned to a space, room, site, building, individual, organization, program, or institution by a school, school system, a state, or other agency or entity.

DISTRICT-NAME (E0213) is the name registered with TEA for that local education agency.

**OrganizationCategories Complex Type

The OrganizationCategories Complex Type is the classification of the education agency within the geographic boundaries of a state according to the level of administrative and operational control granted by the state.

> **ORGANIZATION-CATEGORY (E1240)** is the classification of the education agency within the geographic boundaries of a state according to the level of administrative and operational control granted by the state.

**Address Complex Type

The Address Complex Type includes the set of elements that describes the physical location of the education entity, including the street address, city, state, ZIP code.

> **ADDRESS-TYPE (E1113)** is the type of address listed for an individual or organization. For example: Physical Address, Mailing Address, Home Address, etc.

> **STREET-NUMBER-NAME (E1114)** is the street number and street name or post office box number of an address.

> **APARTMENT-ROOM-SUITE-NUMBER (E1115)** is the apartment, room, or suite number of an address.

> **BUILDING-SITE-NUMBER (E1116)** is the number of the building on the site, if more than one building shares the same address.

> **CITY (E1117)** is the name of the city in which an address is located.

> **STATE-ABBREVIATION (E1118)** is the abbreviation for the state (within the United States) or outlying area in which an address is located.

> **POSTAL-CODE (E1119)** is the five or nine digit zip code or overseas postal code portion of an address.

> **NAME-OF-COUNTY (E1120)** is the name of the county, parish, borough, or comparable unit (within a state) in which an address is located.

> **COUNTRY-CODE (E1122)** is the unique two character International Organization for Standardization (ISO) code for the country in which an address is located.

**Telephone Complex Type

The Telephone Complex Type includes the 10-digit telephone number, including the area code, for the education entity.

> **INSTITUTION-TELEPHONE-NUMBER-TYPE (E1268)** is the type of communication number listed for an individual or organization.

> **TELEPHONE-NUMBER (E1269)** is the telephone number including the area code, and extension, if applicable.

WEBSITE (E1237) is the public web site address (URL) for the educational organization.

**AccountabilityRatings Complex Type

This AccountabilityRatings Complex Type includes the accountability ratings assessed for the education organization.

> **RATING-TITLE (E1102)** is the title of the rating (e.g., School Rating, Safety Score, etc.)

RATING (E1103) is an accountability rating level, designation, or assessment.

RATING-DATE (E1104) is the date the rating was awarded.

ACCOUNTABILITY-RATING-SCHOOL-YEAR (E1461) is the school year for which the accountability rating is assessed.

RATING-ORGANIZATION (E1105) is the organization that assessed the rating.

RATING-PROGRAM (E1106) is the program associated with the accountability rating (e.g., NCLB, AEIS)

**ProgramReference Complex Type

The ProgramReference Complex Type includes the programs offered at the education organization.

All programs are currently associated to the LocalEducationAgencyExtension Complex Type and not the School Complex Type.

** Reference Complex Type

The Reference Complex Type is the base type for association references.

> **ref** is an XML generated XML IDREF that references the object associated with this object.

CHARTER-STATUS (E1288) is a school or agency providing free public elementary or secondary education to eligible students under a specific charter granted by the state legislature or other appropriate authority and designated by such authority to be a charter school.

** EducationServiceCenterReference Complex Type

The EducationServiceCenterReference Complex type represents the ESC of which the LEA is an organizational component.

**EducationalOrgIdentity Complex Type

The EducationalOrgIdentity Complex Type provides user information to lookup and link to an existing educational organization record in the receiving system.

> **ESC-SERVICE-ID (E1289)** is the ESC of which the LEA is an organizational component.

LocalEducationAgencyExtension Complex Type

LEA-CATEGORY-TYPE (E1521) is the category of LEA/district. For example: Charter, Common, Independent, JJAEP, TSD/TSBVI, TYC

ESC-PEIMS-ID (E1290) indicates the PEIMS ESC of which the district is an organizational component.

ESC-GEOGRAPHICAL-LOCATION-ID (E1291) indicates the ESC in which the district is geographically located.

FINE-ARTS-CATEGORY-CODE (E1531) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for fine arts. TEC 39.0545(b)(1)(A)

A LEA must use criteria developed by a local committee to evaluate the LEA's performance in fine arts.

WELLNESS-AND-PHYSICAL-ED-CATEGORY-CODE (E1532) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for wellness and physical education. TEC 39.0545(b)(1)(B)

A LEA must use criteria developed by a local committee to evaluate the LEA's performance in wellness and physical education.

COMMUNITY-AND-PARENTAL-INVOLVEMENT-CATEGORY-CODE (E1533) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for community and parental involvement. TEC 39.0545(b)(1)(C)

A LEA must use criteria developed by a local committee to evaluate the LEA's performance in community and parental involvement.

21ST-CENTURY-WORKFORCE-DEVEL-PGM-CATEGORY-CODE (E1534) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for 21st Century Workforce Development program. TEC 39.0545(b)(1)(D)

A LEA must use criteria developed by a local committee to evaluate the LEA's performance of the 21st Century Workforce Development program.

SECOND-LANG-ACQUISITION-PGM-CATEGORY-CODE (E1535) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for second language acquisition program. TEC 39.0545(b)(1)(E)

A LEA must use criteria developed by a local committee to evaluate the LEA's performance of the second language acquisition program.

DIGITAL-LEARNING-ENVIRONMENT-CATEGORY-CODE (E1536) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for digital learning environment. TEC 39.0545(b)(1)(F)

A LEA must use criteria developed by a local committee to evaluate the LEA's performance of the digital learning environment.

DROPOUT-PREVENTION-STRATEGIES-CATEGORY-CODE (E1537) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for dropout prevention strategies. TEC 39.0545(b)(1)(G)

A LEA must use criteria developed by a local committee to evaluate the LEA's performance of the dropout prevention strategies.

EDUCATIONAL-PGM-FOR-GT-STUDENTS-CATEGORY-CODE (E1538) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for educational program for gifted and talented students. TEC 39.0545(b)(1)(H)

A LEA must use criteria developed by a local committee to evaluate the LEA's performance of the educational programs for gifted and talented students.

OVERALL-RATING-CATEGORY-CODE (E1539) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for overall performance rating. TEC 39.0545(a)

A LEA must use criteria developed by a local committee to evaluate overall LEA's performance.

STATUTORY-REPORTING-AND-POLICY-COMPLIANCE-CODE (E1540) indicates whether the LEA or campus has met compliance with statutory reporting and policy requirements by using criteria established by a local committee. TEC 39.0545(b)(2)

A LEA must use criteria developed by a local committee to evaluate compliance with statutory reporting and policy requirements for the LEA.

TOTAL-NUM-SCHOOL-BOARD-REQUESTS (E1556) indicates the total number of requests submitted outside of a school board meeting by a member of the trustees (school board) for information, documents, and records as specified in TEC SECTION 11.1512.

TOTAL-COST-SCHOOL-BOARD-REQUESTS (E1557) indicates the total cost of fulfilling requests submitted outside of a school board meeting by a member of the trustees (school board) for information, documents, and records as specified in TEC SECTION 11.1512.

Each district may choose its own way of determining the total cost of fulfilling school board requests. The legislation that mandates the reporting of total cost, Texas Education Code §11.1512, does not specify how to determine total cost. If a district would like guidance, please refer to Title 1, Part 3, §70.3, of the Texas Administrative Code (TAC), Charges for Providing Copies of Public Information. TAC §70.3 was written for recovering the cost of responding to information requests and not for determining the cost of fulfilling school board requests; however, it may be helpful as an example of how to determine cost.

School Board Request Cost Calculation Guidelines

Special Reporting Requirements

LEA organization changes must be updated through the AskTED system prior to submitting its respective data in order for the TSDS system to accurately identify an LEA during the data submission process.

Submission 3: With the exception of the Texas Juvenile Justice Department (TJJD) (227622), all LEAs must assign

and report performance ratings for the community and student engagement indicators (E1531-E1540).

E0776	SHARED-SVCS-ARRANGEMT-TYPE-CODE	TX-SharedServiceArrangement	TX-SharedServiceArrangementType	Y	Y	Y	Y					2	CODED	C049

Description

The SSAOrgAssociationExtension Complex Type identifies the ESC/LEA fiscal agents and the ESC and/or LEA member(s) for each type of shared services arrangement (SSA) that exists among two or more ESCs and or LEAs.

The SSA data is used by TEA to match SSA participants and fiscal agents for financial reporting purposes. This data figures into the "maintenance of effort" (MOE) for special education spending thresholds for both state and federal allotments. The Texas Education Agency also uses the SSA information reported through this complex to check for consistent SSA financial reporting between Fiscal Agents and Member Districts.

Reporting Requirements

Submission 1

The SSAOrgAssociationExtension Complex Type must be reported by each ESC and LEA which participates in or are a member of a SSA. This includes the ESCs and LEAs serving as fiscal agents for a particular SSA.

Submission 2

For each record in the SSAOrgAssociationExtension Complex Type, there must be an ActualExtension Complex Type data record and a SharedServiceArrangementExtension Complex Type data record with appropriate fund codes for the SSA financial reporting.

Business Rules

**TX-FiscalAgentEducationOrganizationReference

The TX-FiscalAgentEducationOrganization Complex Type represents the provider of the shared service (i.e., the fiscal agent).

**EducationalOrgIdentity Complex Type

The EducationalOrgIdentity Complex Type provides user information to lookup and link to an existing educational organization record in the receiving system.

FISCAL-AGENT-DISTRICT-ID (E0777) is the county-district number of the shared services arrangement fiscal agent registered with the Texas Education Agency.

If the fiscal agent is a county, enter the county number for the leftmost three digits of FISCAL-AGENT-DISTRICT-ID, and enter 000 for the rightmost three digits.

For a fiscal agent, the DISTRICT-ID and FISCAL-AGENT-DISTRICT-ID will be the same.

When the fiscal agent reports its own SSAOrgAssociationExtension Complex Type, the fiscal agent reports a record for each shared services arrangement regardless of whether it participates as a member.

FISCAL-AGENT-DISTRICT-ID is the fiscal agent district ID number. The fiscal agent district is responsible for reporting:

- the actual financial data for the prior school year for the shared services arrangement, and

- personnel, payroll, and responsibility information for all administrative and

- all itinerant employees who are paid by the fiscal agent, whether or not these employees are shared by the member districts.

**LEAReference Complex Type

The LEAReference Complex Type represents the recipient of the shared services.

**EducationalOrgIdentity Complex Type

The EducationalOrgIdentity Complex Type provides user information to lookup and link to an existing educational organization record in the receiving system.

DISTRICT-ID (E0212) indicates the district identification number registered with the Texas Education Agency. For the purposes of the SSAOrgAssociationExtension Complex Type, the DISTRICT-ID data element identifies the member ESC/LEA that is a member of a particular SSA type identified with the Shared Services Arrangement Type Codes (E0776).

DISTRICT-ID is the member district ID number.

DISTRICT-ID on the SSAOrgAssociationExtension Complex Type must match the value for DISTRICT-ID on the LocalEducationAgencyExtension Complex Type.

SHARED-SVCS-ARRANGEMT-TYPE-CODE (E0776) indicates the type of program or service provided by the shared service arrangement.

Special Reporting Requirements

Charter schools do not submit any data through the Shared Services Arrangement Organization Association Complex Type. A charter school cannot be reported as either a SSA member or a SSA fiscal agent.

Texas School for the Blind and Visually Impaired and Texas School for the Deaf do not submit data through the Shared Services Arrangement Organization Association Complex Type.

Description

The SchoolExtension complex type represents an educational organization that includes staff and students who participate in classes and educational activity groups.

Reporting Requirements

For Dashboard reporting, an LEA must report at least one active instructional campus that is registered through AskTED with the Texas Education Agency.

For PEIMS reporting, every LEA must report one campus record for each active instructional campus that is registered through AskTED with the Texas Education Agency.

A LEA cannot report the CAMPUS-ID of another LEA in the SchoolExtension Complex Type.

Texas Education Agency will pre-populate the Education Data Warehouse (EDW) with the AskTED education organization data that is centrally managed by the Texas Education Agency. However, an LEA may populate the education organization data from the source system but data will be overridden with information from AskTED.

Business Rules

id is an XML generated XML ID associated with this complex type.

CAMPUS-ID (E0266) indicates the unique campus identification number registered with the Texas Education Agency (TEA). It is the linking of DISTRICT-ID with the campus identification number.

The campuses reported on the SchoolExtension Complex Type must match a campus registered with the TEA for the current year.

A campus must not be reported with a number greater than 698.

The first 6 characters of CAMPUS-ID must match the value of the DISTRICT-ID in the LEA's LocalEducationAgencyExtension Complex Type.

When submitting an xml file for a campus, the CAMPUS-ID must match the value for the 'Campus ID' in the data submission file name.

**EducationOrgIdentificationCode Complex Type

The EducationOrgIdentificationCode Complex Type is a unique number or alphanumeric code assigned to an education organization by a school, school system, a state, or other agency or entity.

EDUCATION-ORG-IDENTIFICATION-SYSTEM (E1241) is a coding scheme that is used for identification and record-keeping purposes by education organizations, social services, or other agencies to refer to an education organization.

EDUCATION-ORG-ID (E1463) is a unique number or alphanumeric code assigned to a space, room, site, building, individual, organization, program, or institution by a school, school system, a state, or other agency or entity.

CAMPUS-NAME (E0267) identifies the name of the campus registered with the TEA as of the reporting date.

**OrganizationCategories Complex Type

The OrganizationCategories Complex Type is the classification of the education agency within the geographic boundaries of a state according to the level of administrative and operational control granted by the state.

ORGANIZATION-CATEGORY (E1240) is the classification of the education agency within the geographic boundaries of a state according to the level of administrative and operational control granted by the state.

**Address Complex Type

The Address Complex Type includes the set of elements that describes the physical location of the education entity, including the street address, city, state, ZIP code.

ADDRESS-TYPE (E1113) is the type of address listed for an individual or organization. For example: Physical Address, Mailing Address, Home Address, etc.

STREET-NUMBER-NAME (E1114) is the street number and street name or post office box number of an address.

APARTMENT-ROOM-SUITE-NUMBER (E1115) is the apartment, room, or suite number of an address.

BUILDING-SITE-NUMBER (E1116) is the number of the building on the site, if more than one building shares the same address.

CITY (E1117) is the name of the city in which an address is located.

STATE-ABBREVIATION (E1118) is the abbreviation for the state (within the United States) or outlying area in which an address is located.

POSTAL-CODE (E1119) is the five or nine digit zip code or overseas postal code portion of an address.

NAME-OF-COUNTY (E1120) is the name of the county, parish, borough, or comparable unit (within a state) in which an address is located.

COUNTRY-CODE (E1122) is the unique two character International Organization for Standardization (ISO) code for the country in which an address is located.

**Telephone Complex Type

The Telephone Complex Type includes the 10-digit telephone number, including the area code, for the education entity.

INSTITUTION-TELEPHONE-NUMBER-TYPE (E1268) is the type of communication number listed for an individual or organization.

TELEPHONE-NUMBER (E1269) is the telephone number including the area code, and extension, if applicable.

WEBSITE (E1237) is the public web site address (URL) for the educational organization.

**AccountabilityRatings Complex Type

This AccountabilityRatings Complex Type includes the accountability ratings assessed for the education organization.

RATING-TITLE (E1102) is the title of the rating (e.g., School Rating, Safety Score, etc.)

RATING (E1103) is an accountability rating level, designation, or assessment.

RATING-DATE (E1104) is the date the rating was awarded.

ACCOUNTABILITY-RATING-SCHOOL-YEAR (E1461) is the school year for which the accountability rating is assessed.

RATING-ORGANIZATION (E1105) is the organization that assessed the rating.

RATING-PROGRAM (E1106) is the program associated with the accountability rating (e.g., NCLB, AEIS)

**ProgramReferenceComplex Type

The ProgramReference Complex Type includes the programs offered at the education organization.

ref is an XML generated XML IDREF that references the object associated with this object.

** GradesOffered Complex Type

The GradesOffered Complex Type is the grade levels served at the school.

CAMPUS-GRADES-OFFERED (E1353) is the specification of the grade level.

**SchoolCategories Complex Type

The SchoolCategories Complex Type is the category of the school. For example: High School, Middle School, and/or Elementary School.

CAMPUS-CATEGORIES (E1358) is the category of the school. For example: High School, Middle School, and/or Elementary School.

The schema allows for more than one school category. TEA will only accept one school category enumeration value.

CAMPUS-TYPE (E1354) is the type of education institution as classified by its primary focus.

PK-SCHOOL-TYPE (E1555) indicates the PK program that is offered at the campus.

CHARTER-STATUS (E1288) is a school or agency providing free public elementary or secondary education to eligible students under a specific charter granted by the state legislature or other appropriate authority and designated by such authority to be a charter school.

TITLE-I-PART-A-CAMPUS-DESIGNATION (E1355) denotes the Title I Part A designation for the school.

** LocalEducationAgencyReference Complex Type

The LocalEducationAgencyReference Complex type represents the LEA of which the School is an organizational component.

ref is an XML generated XML IDREF that references the object associated with this object.

**EducationalOrgIdentity Complex Type

The EducationalOrgIdentity Complex Type provides user information to lookup and link to an existing educational organization record in the receiving system.

DISTRICT-ID (E0212) indicates the district identification number registered with the Texas Education Agency.

**ClassPeriodReference Reference Complex Type

ClassPeriodReference is a reference to the corresponding ClassPeriod complex type which are the class periods defined for a campus.

** Reference Complex Type

The Reference Complex Type is the base type for association references.

ref is an XML generated XML IDREF that references the object associated with this object.

**LocationReference Reference Complex Type

LocationReference is a reference to the Location complex type which is the available class locations offered for the campus.

** Reference Complex Type

The Reference Complex Type is the base type for association references.

ref is an XML generated XML IDREF that references the object associated with this object.

FINE-ARTS-CATEGORY-CODE (E1531) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for fine arts. TEC 39.0545(b)(1)(A)

A LEA must use criteria developed by a local committee to evaluate the campus performance in fine arts.

WELLNESS-AND-PHYSICAL-ED-CATEGORY-CODE (E1532) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for wellness and physical education. TEC 39.0545(b)(1)(B)

A LEA must use criteria developed by a local committee to evaluate the campus performance in wellness and physical education.

COMMUNITY-AND-PARENTAL-INVOLVEMENT-CATEGORY-CODE (E1533) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for community and parental involvement. TEC 39.0545(b)(1)(C)

A LEA must use criteria developed by a local committee to evaluate the campus performance in community and parental involvement.

21ST-CENTURY-WORKFORCE-DEVEL-PGM-CATEGORY-CODE (E1534) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for 21st Century Workforce Development program. TEC 39.0545(b)(1)(D)

A LEA must use criteria developed by a local committee to evaluate the campus performance of the 21st Century Workforce Development program.

SECOND-LANG-ACQUISITION-PGM-CATEGORY-CODE (E1535) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for second language acquisition program. TEC 39.0545(b)(1)(E)

A LEA must use criteria developed by a local committee to evaluate the campus performance of the second language acquisition program.

DIGITAL-LEARNING-ENVIRONMENT-CATEGORY-CODE (E1536) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for digital learning environment. TEC 39.0545(b)(1)(F)

A LEA must use criteria developed by a local committee to evaluate the campus performance of the digital learning environment.

DROPOUT-PREVENTION-STRATEGIES-CATEGORY-CODE (E1537) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for dropout prevention strategies. TEC 39.0545(b)(1)(G)

A LEA must use criteria developed by a local committee to evaluate the campus performance of the dropout prevention strategies.

EDUCATIONAL-PGM-FOR-GT-STUDENTS-CATEGORY-CODE (E1538) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for educational program for gifted and talented students. TEC 39.0545(b)(1)(H)

A LEA must use criteria developed by a local committee to evaluate the campus performance of the educational programs for gifted and talented students.

OVERALL-RATING-CATEGORY-CODE (E1539) indicates the performance rating locally assigned to the LEA or campus in community and student engagement for overall performance rating. TEC 39.0545(a)

A LEA must use criteria developed by a local committee to evaluate overall campus performance.

STATUTORY-REPORTING-AND-POLICY-COMPLIANCE-CODE (E1540) indicates whether the LEA or campus has met compliance with statutory reporting and policy requirements by using criteria established by a local committee. TEC 39.0545(b)(2)

A LEA must use criteria developed by a local committee to evaluate compliance with statutory reporting and policy requirements for each campus.

Special Reporting Requirements

Campus organization changes must be updated through the AskTED system prior to submitting its respective data in order for the TSDS system to accurately identify a campus during the data submission process.

With the exception of the Texas Juvenile Justice Department (TJJD/227622), all districts must assign performance ratings for the community and student engagement indicators to all active instructional campuses in the district, except for Disciplinary Alternative Education Program (DAEP) campuses, Juvenile Justice Alternative Education Program (JJAEP) campuses, and certain Alternative Education Program (AEP) campuses that serve only students in TJJD facilities.

Description

The ClassPeriod Complex Type represents the designation of regularly scheduled series of class meetings at designated times and days of the week.

Reporting Requirements

Currently, there are no reporting requirements.

Business Rules

id is an XML generated XML ID associated with this complex type.

CLASS-PERIOD (E1074) is the class period identifier that illustrates the time of the school day that a particular class was offered.

The value reported for CLASS-PERIOD may consist of any combination of letters (A – Z) and/or numbers (0 – 9).

Special Reporting Requirements

Currently, there are no special reporting requirements.

Description

The CourseOffering Complex Type represents an offering of a course by the school during a session, representing the course catalog of available courses. This is a list of all current year courses that are found in the Course Complex in the Education Organization Interchange.

Reporting Requirements

Do not include course information for prior year courses.

All of the reference data elements must be defined either by the Course Complex Type in the Education Organization Interchange or the Session Complex Type in the Education Org Calendar Interchange and the CourseOffering Complex Type in the Master Schedule Interchange.

Business Rules

id is an XML generated XML ID associated with this complex type.

LOCAL-COURSE-CODE (E1194) is the local code assigned by the School that identifies the course offering provided for the instruction of students.

LOCAL-COURSE-TITLE (E1182) is the local descriptive name given to a course of study offered in the school, if different from the CourseTitle.

**SchoolReference Complex Type

The **SchoolReference** Complex Type is the school that offers the course.

**EducationalOrgIdentity Complex Type

The EducationalOrgIdentity Complex Type provides user information to lookup and link to an existing educational organization record in the receiving system.

CAMPUS-ID (E0266) indicates the unique campus identification number registered with the Texas Education Agency. It is the linking of DISTRICT-ID with the campus identification number that offers the course.

**SessionReference Complex Type

The SessionReference Complex Type references the session the course is offered at the school.

**SessionIdentity Complex Type

The SessionIdentity Complex Type provides user information to lookup and link to an existing session record in the receiving system.

CAMPUS-ID (E0266) indicates the unique campus identification number registered with the Texas Education Agency. It is the linking of DISTRICT-ID with the campus identification number that offers the course.

SCHOOL-YEAR (E1093) is the identifier for the school year.

SESSION-TERM (E1370) is the type of the session during the school year.

**CourseReference Complex Type

The CourseReference Complex Type references the course being offered by the school.

ref is an XML generated XML IDREF that references the object associated with this object.

**CourseIdentity Complex Type

The CourseIdentity Complex Type provides user information to lookup and link to an existing course record in the receiving system. Two cases are supported:

1. StateCourseCode or other standard course code

2. SchoolOrganizationID + LocalCourseCode

**CourseCode Complex Type

The CourseCode Complex Type represents the code that identifies the organization of subject matter and related learning experiences provided for the instruction of students.

COURSE-IDENTIFICATION-SYSTEM (E1089) is a system that is used to identify the organization of subject matter and related learning experiences provided for the instruction of students.

COURSE-CODE-ASSIGNING-ORGANIZATION-CODE (E1511) is the organization code or name assigning the course code.

SERVICE-ID (E0724) refers to the services supplied by staff.

This data element is for PEIMS reporting.

LOCAL-COURSE-CODE (E1194) is the local code assigned by the School that identifies the course offering provided for the instruction of students.

This data element is for Dashboard reporting.

Special Reporting Requirements

Currently, there are no special reporting requirements.

Description

The SectionExtension Complex Type represents a setting in which organized instruction of course content is provided to one or more students for a given period of time. This complex type lists the current year courses taken by a student or taught by a teacher. A course may be offered to more than one class/section. Instruction, provided by one or more teachers or other staff members, may be delivered in person or via a different medium.

Reporting Requirements

The SectionExtension Complex Type inherits data elements from the Section Complex Type.

Information from the SectionExtension Complex Type is used to capture the complete course offerings for a particular campus. This information is then used for translating the data submitted for staff and student course participation in order to identify the classes enrolled in by students and classes taught by teachers.

All of the reference data elements must be defined either by the Course Complex Type in the Education Organization Interchange, Session Complex Type in the Education Org Calendar Interchange, and the CourseOffering Complex Type in the Master Schedule Interchange.

One record must be submitted in collection 3 for each unique class (course section) that was offered during the school year. Report all courses offered through a campus regardless of the method of delivery. If a student is being instructed in a particular Service on or through a campus, then the information for that SERVICE-ID should be included on this record.

For students that are placed in or are expelled to a DAEP program, or expelled to a JJAEP, the campus that enrolls the student during these disciplinary removals is responsible for creating the Section Complex Type data that reflect the new course sections to which the student has been assigned while attending a DAEP or a JJAEP.

Business Rules

Section Complex Type

CLASS-ID-NUMBER (E1056) is a number identifying a unique course section, that is unique for a particular school year, Campus, and SERVICE-ID.

CLASS-ID-NUMBER identifies a unique course section. CLASS-ID-NUMBER must be unique by school year, CAMPUS-ID, and SERVICE-ID. CLASS_ID_NUMBER must be unique such that multiple teachers can be linked to a single course section through the Teacher Assignment Records and students enrolled in a unique course section can be identified by the CLASS_ID_NUMBER on the Course Completion Record.

SEQUENCE-OF-COURSE (E1363) represents a section that is part of a sequence of parts for a course, the number if the sequence. If the course has only one part, the value of this section attribute should be 1.

EDUCATIONAL-ENVIRONMENT (E1160) is the setting in which a child receives education and related services; for example: Center-based instruction, Home-based instruction, Hospital class, Mainstream, Residential care and treatment facility.

MEDIUM-OF-INSTRUCTION (E1364) is the media through which teachers provide instruction to students and students and teachers communicate about instructional matters; for example: Technology-based instruction in classroom, Correspondence instruction, Face-to-face instruction, Virtual/On-line Distance learning, Center-based instruction.

POPULATION-SERVED (E1362) is the population for which the course was designed. For example: Bilingual students, Remedial education students, Gifted and talented students, Career and Technical Education students, Special education students.

**AvailableCredit Complex Type

The AvailableCredit Complex Type represents the amount of credit available to a student who successfully meets the objectives of the course. Available credits are measured in Carnegie units. A course meeting every day for one period of the school day over the span of a school year offers one Carnegie unit. See publication: U.S. Department of Education, NCES, 2007-341, Secondary School Course Classification System: School Codes for the Exchange of Data (SCED).

> **CREDIT (E1112)** is the value of credits or units of value awarded for the completion of a course

**CourseOfferingReference Complex Type

The CourseOfferingReference Complex Type references the entity that represents an offering of a course by school during a session, representing the course catalog of available courses.

> **ref** is an XML generated XML IDREF that references the object associated with this object.

> For the SectionExtension Complex Type record, do not include courses with SERVICE-IDs that begin with SA, SE, SR, SS, 01, 8, or 9. Additionally the SERVICE-IDs for Prekindergarten and Kindergarten that begin with "02" cannot be reported. This rule is enforced by a fatal edit.

> SERVICE-ID 02000000, Elementary, Grades 1-6, should be used only when a teacher is serving multi-grade or ungraded student populations, typically in a pullout program. It is not used for those situations where a district assigns a teacher two contiguous grades of students because neither grade has enough students to allow for a single classroom.

> For elementary school courses, districts have the option of using either the generic elementary SERVICE-IDs (02010000 - Grade 1, 02020000 - Grade 2, 02030000 - Grade 3, 02040000 - Grade 4, 02050000 - Grade 5, 02060000 - Grade 6) for the core curriculum or the subject specific Service IDs in the student and teacher scheduling system(s). However, the district should make the decision to report these elementary Service IDs based upon how the students will be reported on the CourseTranscriptExtension Complex Type in the summer submission. A school will not be able to report teachers using one method and students with the other as the data will not pass the fatal edits in the summer submission for the Classroom Link data reporting.

**CourseOfferingIdentity Complex Type

The CourseOfferingIdentity Complex Type provides user information to lookup and link to an existing course offering record in the receiving system.

> **LOCAL-COURSE-CODE (E1194)** is the local code assigned by the School that identifies the course offering provided for the instruction of students.

> **COURSE-OFFERING-TERM (E1503)** is the term for the session during the school year.

> **COURSE-OFFERING-SCHOOL-YEAR (E1498)** is the identifier for the school year.

> **CAMPUS-ID (E0266)** indicates the unique campus identification number registered with the Texas Education Agency. It is the linking of DISTRICT-ID with the campus identification number that is associated with the course offering.

**SchoolReference Complex Type

The SchoolReference Complex Type represents the school where the section is taught.

> ****EducationalOrgIdentity Complex Type**

The EducationalOrgIdentity Complex Type provides user information to lookup and link to an existing educational organization record in the receiving system.

CAMPUS-ID (E0266) indicates the unique campus identification number registered with the Texas Education Agency. It is the linking of DISTRICT-ID with the campus identification number that is associated with the course offering.

**LocationReference Complex Type

The LocationReference Complex Type references the location, typically a classroom, where the section meets.

If a location is not available per Section, create a default location record.

**LocationIdentity Complex Type

The LocationIdentity Complex Type provides user information to lookup and link to an existing location record in the receiving system.

CLASSROOM-IDENTIFICATION-CODE (E1292) is a unique number or alphanumeric code assigned to a room by a school, school system, state, or other agency or entity.

CAMPUS-ID (E0266) indicates the unique campus identification number registered with the Texas Education Agency. It is the linking of DISTRICT-ID with the campus identification number associated with the location, typically a classroom, where the section meets.

**ClassPeriodReference Complex Type

The ClassPeriodReference Complex Type represents the class period during which the section meets.

ClassPeriodIdentity Complex Type

The ClassPeriodIdentity Complex Type provides user information to lookup and link to an existing class period record in the receiving system.

CLASS-PERIOD (E1074) is the class period identifier that illustrates the time of the school day that a particular class was offered.

CAMPUS-ID (E0266) indicates the unique campus identification number registered with the Texas Education Agency. It is the linking of DISTRICT-ID with the campus identification number that is associated with the course offering.

SectionExtension Complex Type

SCHOOL-YEAR (E1093) is the identifier for the school year.

SCHOOL-YEAR is the calendar year that identifies the spring semester for a particular school year.

POPULATION-SERVED-CODE (E0747) identifies the student population for which a service has been designed or is intended. It does not necessarily identify the program eligibility of the students who receive the service.

POPULATION-SERVED-CODE does not necessarily identify the program eligibility of the students who receive the service. A scheduled classroom service will have a single POPULATION-SERVED-CODE value (e.g. "01" for regular students) despite the fact that members of other student populations happen to be served in the class. The same holds true for non-classroom services. It is only when the service has been tailored for a special population that POPULATION-SERVED-CODE should be given values that apply to special student populations.

The correct value of POPULATION-SERVED-CODE is determined by the population for which the service was designed, not by the student population that receives a service. If two or more populations are being served, only one record should be reported, using the population for which the service was designed.

COURSE-SEQUENCE-CODE (E0948) identifies the unique part(s) of a course when a course is taught during a single grading period or semester or across multiple grading periods or semesters.

The COURSE-SEQUENCE-CODE identifies how the course was taught to the student during the school year, or in the summer.

NON-CAMPUS-BASED-INSTRUCTION-CODE (E1072) indicates that a course was offered for class credit or student achievement, but 1) was not taught by a school district/charter school employee or a contracted teacher , or 2) was taught by a school district/charter school employee or a contracted teacher at a facility other than the campus where the student is enrolled. Examples include but are not limited to college based instruction, non-district teacher, non-campus teacher, internet based instruction, electronic Course Pilot (eCP), and Texas Virtual School Network (TxVSN).

Special Reporting Requirements

Currently, there are no special reporting requirements.

Description

The Course Complex Type represents the organization of subject matter and related learning experiences provided for the instruction of students on a regular or systematic basis. This is the course catalog of all courses offered at each school.

Reporting Requirements

For Dashboard reporting, include all courses that have ever been offered in the LEA, not just those that are for the current year. These prior year courses will be referenced in the student transcripts.

All course records in the Course Complex Type must be reported with an 'Identification System Attribute' of 'LEA course code'.

For PEIMS reporting, all course records in the Course Complex Type must be reported with an 'Identification System Attribute' of 'State course code'.

Business Rules

LOCAL-COURSE-TITLE (E1182) is the local descriptive name given to a course of study offered in a school or other institution or organization. In departmentalized classes at the elementary, secondary, and postsecondary levels (and for staff development activities), this refers to the name by which a course is identified (e.g., American History, English III). For elementary and other non-departmentalized classes, it refers to any portion of the instruction for which a grade or report is assigned (e.g., reading, composition, spelling, and language arts).

NUMBER-OF-PARTS (E1183) is the number of parts identified for a course.

**CourseCode Complex Type

The CourseCode Complex Type is a standard code that identifies the organization of subject matter and related learning experiences provided for the instruction of students.

COURSE-IDENTIFICATION-SYSTEM (E1089) is a system that is used to identify the organization of subject matter and related learning experiences provided for the instruction of students.

When submitting the COURSE-IDENTIFICATION-SYSTEM data element for SERVICE-ID, this value will equal "State course code".

COURSE-CODE-ASSIGNING-ORGANIZATION-CODE (E1511) is the organization code or name assigning the course code.

SERVICE-ID (E0724) refers to the services supplied by staff.

The values for SERVICE-ID listed in Code Table C022 include both courses and non-teaching responsibilities.

COURSE-IDENTIFICATION-SYSTEM (E1089) is a system that is used to identify the organization of subject matter and related learning experiences provided for the instruction of students.

When submitting the COURSE-IDENTIFICATION-SYSTEM data element for LOCAL-COURSE-CODE, this value will equal "LEA course code".

COURSE-CODE-ASSIGNING-ORGANIZATION-CODE (E1511) is the organization code or name assigning the course code.

LOCAL-COURSE-CODE (E1194) is the local code assigned by the School that identifies the course offering provided for the instruction of students.

COURSE-LEVEL (E1184) is the course's level of rigor.

**CourseLevelCharacteristics Complex Type

The CourseLevelCharacteristics Complex Type is the specification of the specific program or designation associated with the course. For example: Ap, IB, Dual Credit, CTE. Etc.

COURSE-LEVEL-CHARACTERISTICS (E1193) is the specification of the specific program or designation associated with the course. For example: Ap, IB, Dual Credit, CTE. Etc.

Many of the dashboard reports are based on the course level characteristic values. At this time, the Core Subject, Advanced Placement, Dual Credit, IB Course, Pre-AP, Pre-IB, and Gifted and Talented course level characteristics are being used for dashboard reports.

If the course level characteristic of the course is not listed, select Core Subject.

When reporting AP, IB, Pre-Ap, or Pre-IB courses, select the course level characteristics Advanced Placement, Dual Credit, IB Course, Pre-Ap, Pre-IB or Advanced.

**GradesOffered Complex Type

The GradesOffered Complex Type represents the grade levels in which the course is offered.

COURSE-GRADES-OFFERED (E1185) is the specification of the grade level.

SUBJECT-AREA (E1186) is the intended major subject area of the course.

Each course must be assigned a Subject Area. At this time, the ELA, Reading, Writing, Mathematics, Science and Social Studies subject area are being used for dashboard reports.

If the subject area of the course is not listed, select 'Other'.

COURSE-DESCRIPTION (E1187) is a description of the content standards and goals covered in the course. Reference may be made to state or national content standards.

HIGH-SCHOOL-COURSE-REQUIREMENT (E1189) is an indication that this course may satisfy high school graduation requirements in the course's subject area.

COURSE-DEFINED-BY (E1191) specifies whether the course was defined by the SEA, LEA, School, or national organization.

**MinimumAvailableCredit Complex Type

The MinimumAvailableCredit Complex Type is the minimum amount of credit available to a student who successfully completes the course.

CREDIT (E1112) is the value of credits or units of value awarded for the completion of a course

**MaximumAvailableCredit Complex Type

The MaximumAvailableCredit Complex Type is the maximum amount of credit available to a student who successfully completes the course.

CREDIT (E1112) is the value of credits or units of value awarded for the completion of a course

**EducationOrganizationReference Complex Type

The EducationOrganizationReference defines the curriculum and courses offered - often the LEA or school.

ref is an XML generated XML IDREF that references the object associated with this object.

**EducationalOrgIdentity Complex Type

The EducationalOrgIdentity Complex Type provides user information to lookup and link to an existing educational organization record in the receiving system.

CAMPUS-ID (E0266) indicates the unique campus identification number registered with the Texas Education Agency. It is the linking of DISTRICT-ID with the campus identification number associated with the course.

Special Reporting Requirements

Currently, there are no special reporting requirements.
