TX-PopulationServed		SectionExtension		
Definition				
POPULATION-SERVED-CODE identifies the student population for which a service has been designed or is intended. It does not necessarily identify the program eligibility of the students who receive the service.				
Special Instructions				
The correct code is determined by the population for which the service was designed, not by the student population that receives a service. If two or more populations are being served, only one record should be reported, using the population for which the service was designed. If an intent cannot be determined, use code 01, regular students.
