FOREWORD

In accordance with the Texas Student Data Systems (TSDS) project, this is a preliminary version of the 2016-2017 Texas Education Data Standards (TEDS) and will be subject to change between now and March 2016.

The collection of Public Education Information Management System (PEIMS) data is required of all Local Education Agencies (LEAs) by TEC §42.006. TEDS provides instructions regarding the submission of PEIMS data from LEAs to the Texas Education Agency.

The 2016-2017 standards:

- Describe the PEIMS data reporting requirements;
- Provide descriptions of data elements and the codes used to report them;
- Detail the responsibilities of local education agencies, education service centers, and the Texas Education Agency in connection with the data collection process; and
- Provide descriptions of the data collection requirements, including collection record layout specifications and data edit specifications.

The *Texas Education Data Standards (TEDS), Section 8* is for all persons involved in the PEIMS data collection process, including school administrators, special program personnel, data control personnel, data processing staff, service center coordinators, and others. The *Texas Education Data Standards (TEDS), Section 8* is for data delivery only. It should not be construed to represent the format of data available for retrieval from the PEIMS database.

Beginning with the 2014-2015 school year, the Education Data Warehouse (EDW) will be available to approximately 70 LEAs approved as Early Adopters of TSDS PEIMS. Early Adopters of PEIMS will submit their PEIMS data through TSDS PEIMS and EDIT+. The EDIT+ submission will be their official PEIMS submission.

During the 2014-2015, 2015-2016, and 2016-2017 school years, LEAs will be identified to submit their official PEIMS data through the TSDS System with the option of implementing the studentGPS™ Dashboards. This implementation will be a phased-in approach based on the number of student records being submitted through the system.

2014-2015: About 70 Early Adopters will do parallel submissions with PEIMS EDIT+

2015-2016: Add first group of LEAs that represent about 50% of state enrollment

2016-2017: All LEAs will implement or will have implemented TSDS PEIMS

PREFACE

A description of the contents for each section of the *2016-2017 TSDS Texas Education Data Standards (TEDS)*, Section 8 follows.

Section 8.1: Data Submission Specifications and Responsibilities

This section provides a general description of TEDS and PEIMS. It includes a description of the interchange schemas that will be used to load data into the Education Data Warehouse (EDW). It specifies the as-of and due dates for the four data collections. It also includes a description of the various responsibilities of the local education agencies, education service centers, and the Texas Education Agency.

Section 8.2: Data Submission Requirements

This section includes a chart of the data file layouts, a chart of the complex types by category, a description of each complex type in the Ed-Fi Core and Texas Core Extension schemas used for PEIMS, the business rules, reporting requirements and data samples.

Section 8.3: Description of Data Elements

This section provides an explanation of the information on each data element page, an alphabetical list of the data elements, and a detailed description of each data element by complex type.

Section 8.4: Description of Codes

This section provides an explanation of the information on each code table definition page, an alphabetical list of the code tables, and a listing of the codes and translations by table.

Section 8.5: Business Rules and Validations

This section provides the data element business rules and validations. There are three types of edits: fatal errors, special warning errors, and warning errors.

Section 8.6: Ed-Fi Core and Texas Core Extension Schemas

This section includes the entire Ed-Fi Core and Texas Core Extension schemas. Individual interchange schemas reference a subset of the complex types defined in the Ed-Fi Core and Texas Core Extension schemas.

Section 8.7: PEIMS Interchange Schemas

This section includes the individual PEIMS interchange schemas and their definitions. These interchange schemas will be used to load data into the EDW.

Appendix A: PEIMS Data Overview by Category

This appendix provides a high level overview of the data to be collected by category.

Appendix B: PEIMS Alphabetical List of Data Elements and Associated Complex Types

This appendix includes an alphabetical list of data elements and the XML complexes in which they appear.

Appendix C: PEIMS List of Data Elements by Element ID and Associated Complex Types

This appendix includes a list of data elements sorted by element id and the XML complexes in which they appear.

Appendix D: PEIMS Leaver Reason Codes and Documentation Requirements

This appendix provides an expanded definition and specific guidelines on acceptable documentation for each of the leaver reason codes.

Appendix E: PEIMS Additional Information Related to Discipline

This appendix contains additional information related to student discipline.

Appendix F: PEIMS Supplemental Information for Ethnicity and Race Data Reporting

This appendix provides additional information related to collecting and reporting the Ethnicity and Race data

elements.

Appendix G: Personal Enrollment Tracking (PET) Guidelines

This appendix provides the reporting details of Person Enrollment Tracking (PET).

Appendix H: PEIMS Organization Code Reporting Guidelines

This appendix provides guidelines for reporting ORGANIZATION-CODE.

Appendix J: Early Notice of PEIMS Reporting Changes

This appendix provides information regarding reporting changes.
