Definition
CAMPUS-ID indicates the unique campus identification number registered with the Texas Education Agency. It is the linking of DISTRICT-ID with the campus identification number. An instructional campus: 1) has an assigned administrator, 2) has enrolled students who are counted for average daily attendance, 3) has assigned instructional staff, 4) receives federal and/or state and/or local funds as its primary support, 5) provides instruction in the Texas Essential Knowledge and Skills (TEKS), 6) has one or more grade groups in the range from early education through grade 12, and 7) is not a program for students enrolled in another public school. An alternative instructional unit: 1) is an instructional site, center, program, or arrangement that is not governed by an individual campus organization, and 2) does not meet the above standard definition of an instructional campus.

Special Instructions
Follow the Resource Guide rules for reporting organizations/campus IDs. For the ContractedInstructionalStaffFTEExtension and StaffResponsibilitiesExtension Complex Types, if the last three digits of CAMPUS-ID are greater than 698, except for 751, then the last three digits will be changed to 700 at TEA during the data load. However, 700 is not a valid number for use by districts in reporting to TEA.
